

HONEYMOON
BEACH CLUB

Your corner of the Caribbean

Picturesque, nicely preserved, quiet and affluent, Water Island, and its pristine white sandy beach on the west shore contrasts with pebble & coral beaches on the east shore, speaking to this brilliant spectacle of the natural world. The fourth Virgin is here in your own backyard, AMERICA's PARADISE. Come and taste the salt of your success as you dive into crystal clear water and bask in the sun of white sandy Honeymoon beach.

Water Island is a 491.5-acre island located in the Charlotte Amalie harbor, St Thomas USVI. Less than a five-minute ride from Cyril E. King International airport, and a nine-minute ferry ride from St Thomas brings you to Phillips Landing on Water Island. A residential island with a population of just over 180 full-time residents,

Honeymoon Beach is one of the best-kept secrets in the Caribbean. Stay and play in the sun and sand, young and old alike!

Honeymoon Beach Club is situated right above Honeymoon Beach, a highly coveted location with a development that's comprised of 6 lots, 44-Remainder, 44-1, 44-2, 43-Remainder, 43-1, 43-2.

The club will consist of 12 premium loft units with private and common areas to watch the sunset. Classic architectural features embrace traditional Caribbean style, yet with a modern twist sure to entice even the most demanding residents or travelers.
